

Door Hanger Project

Printable Template from www.Creativity-Portal.com

door hanger template

Design Your Own Door Hanger

Suggested Instructions:

1. Print this page on thick paper or card stock.
2. Carefully cut out template with scissors or craft knife.
3. Design your door hanger message in any way you choose. Use your computer to create words and pictures — or draw, color, collage, paint, or stamp on your own designs. Use your imagination! The creative possibilities are endless. Make a reversible door hanger by sticking two templates together back-to-back.
4. When the door hanger design is finished, you may want to seal it with Mod Podge or clear, self-adhesive laminating sheets for protection and durability.
